**MAUL Shotgun**

Company: **Metal Storm**

April 12, 2010

MAUL is Metal Storm's 1.8-pound, modular, 12-gauge, five-shot, semi-automatic shotgun designed to deliver shotgun capabilities for non-lethal and lethal munitions. It is offered with a range of less-lethal munitions such as blunt impact, electro-muscular incapacitation, frangible nose, chemical, and marker munitions, as well as lethal munitions including buckshot. MAUL can be instantly re-loaded with door-breaching or less-lethal munitions by swapping the munition tube. It can be used either as a standalone weapon or as a module on a combat rifle.
